Transfer your Added Security Plan to a new owner

If you decide to sell or trade-in your Nissan, the Added Security Plan assures a new buyer that any warranty repairs have been performed by factory-trained technicians using only Genuine Nissan Parts.

The remaining ASP coverage on your vehicle can be transferred to a new owner. The process is simple. All that's required is a mechanical inspection and oil change at your Nissan dealer at the time of the transfer.

Legal assistance services

Legal Advice
Of course you make every effort to drive safely. However, if while operating your vehicle, you are charged with speeding, careless driving or other moving violations, we will reimburse you up to \$50 to assist in covering the costs of retaining a lawyer or para-legal to provide legal advice on a number of issues to help you understand and resolve the violation.

Legal Defense and Appeal
Based on a pre-determined schedule of fees, we will assist with costs incurred as the result of hiring a lawyer or para-legal to defend you or assist with an appeal in a number of circumstances such as a moving violation charge or a civil suit arising out of your operation of an insured vehicle. If more than one offense is involved, defense arising from the more serious offense will be paid.

Legal Representation at Inquest
We will reimburse you, up to \$300, towards the cost of retaining a lawyer to represent you at an inquest where the death of any other person has been caused by your operation of a vehicle.

Stolen Vehicle, Vandalism & Fire Services
If your car has been reported to the police and your insurance company as stolen, vandalized or destroyed by fire, we will reimburse you up to \$100 for expenses incurred as a result of your situation, such as Vehicle Rental, Taxi or Towing your recovered or disabled vehicle to a Nissan dealer of your choice.
